

Teaching Marketing: Might that be a Career for You!

*Did you
know...*

- There is a **critical shortage of high school marketing teachers** in Virginia and throughout the U.S.?
- High school marketing teachers have a 10-month contract (**summers off**) with an average of **\$45,000.00**. Depending on where you live it can go as high as **\$55,000.00**? Plus you get a retirement package.
- After completing your undergraduate degree in marketing, in **ONE YEAR** you can earn a Virginia Tech **master's degree** and a Virginia **teaching license** with an **endorsement in marketing education**?
- The one-year master's degree at VT can be custom-designed into a **HYBRID DISTANCE PROGRAM**, meaning you only have to spend three weeks in a given summer and a fall semester in Blacksburg? If you would like, the remainder of the program can be completed off campus!
- Career promotion opportunities are available in school administration or college teaching?
- The CTE program at Virginia Tech has achieved a **100% placement rate** for professionally licensed marketing teachers **for the last 12 years**?
- If you are **interested in learning more** about this exciting career and education opportunity, please **email Dr. Mukuni or Dr. Bill Price**.
- **Even if you are not graduating this year**, but would still like to learn more about this exciting career and education opportunity please email Dr. Price or Dr. Mukuni.
